THE TRUCKEE RIVER.

We never tire of speaking of the Truckee river which floats so gracefully by our doors. It is deserving of every word of praise that can be attered in its favor, for a prettier mountain stream is not to be found. We cheerfully endorse the remarks of a correspondent of the Truckee Republican when he says it seems incredible that a water power so great, so centrally located, so thoroughly accessible as that of the Truckee river should not be utilized. Two shingle mills, three sawmills and two planing mills have the undisputed ase of fifty-five miles of the finest water power in the world. The fall from Lake Tahoe to Reno, as proven by the railroad grade, is over eighty feet to the mile from Truckee to Reno. The quality of the water is unsurpassed, as clear and beautiful as when freshly distilled from the clouds. The waters of Talice are celebrated for their crystalline pur-Chemical tests have shown that there is not the slightest impurities in this river water, except the most delicate trace of salt. > A special from Sioux City says much anxiety is felt there by the friends of the parties now in the Black Hills, over the report brought in by one of Professor Marsh's exploring party, that Lame Antelope with a large body of warriors, armed with needle-guns, has started to attack the mining camp established in the Hills. General Ord yesterday telegraphed by one of the miners recently returned to Sioux City and who asked the General whether he would be permitted to return with reinforcements and provisions as follows: Troops from Fort Laramie and hostile Iodians have both gone for your miners. For their sake I hope the troops may reach them first as their orders are simply to bring in the party, confine the leaders, burn their wagons and destroy the outfit.
